

The Sydney Harbour Bridge
is completely cashless.

**You will need a tag
or pass to cross
the harbour.**

What should I do if I drive through an 'E' lane without a tag?

You will need to arrange a temporary pass within 48 hours of your trip. You can do this online through [myE-Toll](#) or by phoning the RTA on 131 865.

Your number plate will be photographed and matched to your pass registration details. One pass is all you need to cover all your travel on all Sydney's toll roads. The temporary pass is valid for two weeks from purchase.

If you do not arrange a pass you will receive a toll notice in the mail which you will need to pay. There will be additional fees or charges.

Where can I get a tag?

There are a number of tag providers, for a full listing go to www.sydney-motorways.com

If you would like an RTA tag you can order one:

Online at myRTA.com

At any E-Toll motor registry

By calling **131 865**
